

Matrix Natural Hair Care **PRICE SHEET**

We start your tresses with a hydrating sulfate-free cleansing based on your unique hair type and texture. We then use our special formulated Restore steam conditioner that is carefully painted on your hair. We then use a steamer to infuse hydration into your hair to properly balance each strand. The steam treatment is then followed by a blowout and/or silk press. Your hair is then styled to perfection!

At the end of every service you will get product recommendations to maintain your new look and follow up appointment scheduled for hair health.

	Matrix Technician	Trayce Madre
